

ADVANCED TRAINEE ABSTRACT SUBMISSION

The deadline for Advanced Trainee submission can be found on the [Sleep DownUnder website](#). It is acknowledged that due to the timelines of the Advanced Trainee program, the research study may not be completed at the time of abstract submission. As such, the review process and criteria are modified to accommodate.

To ensure your abstract is reviewed appropriately, all Advanced Trainees **MUST** select "Advanced Trainee" in the category section when submitting their abstract. Advanced Trainee abstracts will be reviewed separately by a selected panel of a senior ASA members. If you fail to indicate you are an Advanced Trainee, your abstract will be sent out for general review and may be rejected.

Advanced Trainee abstracts **MUST** contain the following headings:

- Background
- Methods
- Progress to date
- Intended outcome and impact

Advanced Trainee abstracts will be reviewed on the following criteria:

- Scientific quality
- Feasibility
- Potential contribution to the field
